

Associate/Senior Associate/Junior Partner Shropshire £35 – 50,000 + Bens

My clients are one of the largest national property consultancies with offices throughout the UK. They are involved in the management of some of the largest, most interesting and prestigious rural estates throughout the country.

I am instructed to recruit an Associate or Senior Associate to join their large and thriving office in Shropshire. You will join as a key member of the team and if you are looking for a role that will offer career progression this is an excellent opportunity as the potential to move to partner level is there within a short period of time.

From day one you will have a portfolio of private clients that you will be involved in managing as well as a large amount of professional work for you to get involved in. Ideally candidates will have some connections to the Shropshire area but this is not a deal breaker. Candidates will need to have business winning attributes and be confident at networking events. This role will offer an exciting portfolio of private clients and people that are at a partner level at present would also be considered if they could bring work with them.

This is an excellent role that offers brilliant career progression and support and would certainly be a great step for someone looking for that next step up the ladder.

For a confidential discussion on this role please call Fred Hicks Beach on 0117 985 69 09 or email fred@beachbaker.co.uk
