

STAIR ESTATES, SOUTH WEST SCOTLAND

RESIDENT FACTOR

This is an exciting opportunity to manage one of the largest privately owned estates in Scotland, working in close conjunction with the owner.

The estate has a wide range of enterprises with woodland, let farms and houses, in-hand farming, commercial properties, wind farms, shooting, fishing, heritage buildings, extensive gardens and tourism.

Experience of land management is essential and ideally of tourism development and other enterprises.

Candidates should be energetic and enthusiastic, and able to demonstrate:

- Sound financial and operating knowledge of estate management
- People management and leadership skills
- Ability to work with experts and a range of advisors
- Responsibility for maintenance and letting of residential properties and farms

The successful candidate will have day to day responsibility for the estate, reporting to the resident owners, with assistance from outside advisors where necessary. Excellent remuneration package including a three bedroom house is on offer.
